

Corporate Social Responsibility Policy Statement

This Statement is about how MechaTech Systems Limited takes account of its economic, social and environmental impact in the way it operates as a business. By demonstrating our commitment to Corporate Social Responsibility, we aim to align our business values, purpose and strategy with the needs of our clients, whilst embedding such responsible and ethical principles into everything we do.

The elements of this Statement cover our approach in dealing with our clients, suppliers and the local community principles in an effort to support reducing our energy, procurement, transport, water use and other business usage to reduce our carbon footprint and environmental impact.

Environment

Protection of the environment in which we live and operate is part of MechaTech Systems

Limited's values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

In this policy statement we commit our company to:

- Complying with all relevant environmental legislation, regulations and approved codes of practice
- Protecting the environment by striving to prevent and minimise our contribution to pollution of land, air, and water
- Seeking to keep wastage to a minimum and maximise the efficient use of materials and resources
- Managing and disposing of all waste in a responsible manner
- Providing training for our staff so that we all work in accordance with this policy statement and within an environmentally aware culture
- Regularly communicating our environmental performance to our employees and other significant stakeholders
- Developing our management processes to ensure that environmental factors are considered during planning and implementation

- Monitoring and continuously improving our environmental performance by taking consideration of environmental issues in the services we provide and endeavouring to reduce our environmental impact to an absolute minimum.

The Directors will ensure that the Company reduces the environmental impact on the Company by:

- Reducing all our transportation requirements wherever possible and utilising public transport and such facilities as web-ex and conference call facilities
- By using vehicles that are regularly serviced and checked with regards to their emission levels and economically use their fuel
- Sourcing and buying locally to save fuel costs wherever possible
- Ensuring that all lights and equipment is switching off when not required
- Ensuring that water is used efficiently
- Using scrap paper for drafts and notes
- Printing in mono and double sided wherever possible
- Recycling all waste (shredding all business documentation)
- Sourcing recycled materials wherever possible

Local Community

Clients

The Directors will also ensure that we deal responsibly, openly and fairly with clients and potential clients by:

- Ensuring that all our advertising and documentation about the business and its activities are clear, informative, legal, decent, honest and truthful
- Being open and honest about our products and services and telling customers what they want to know, including what we do to be socially responsible
- Not employing pressure selling techniques
